

SuiteCRM Smart Email Researcher

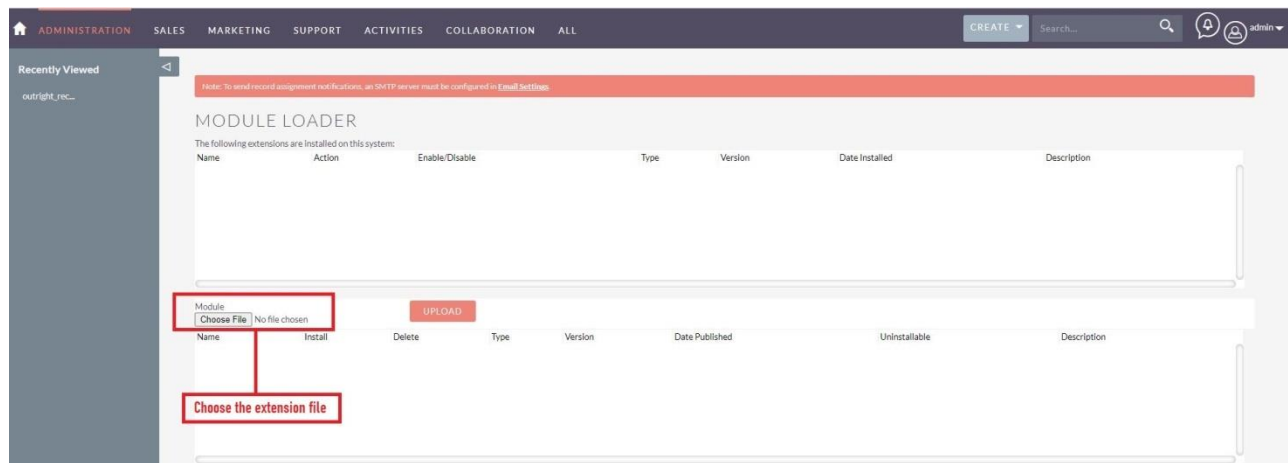

Installation & Configuration Guide

Installation Guide

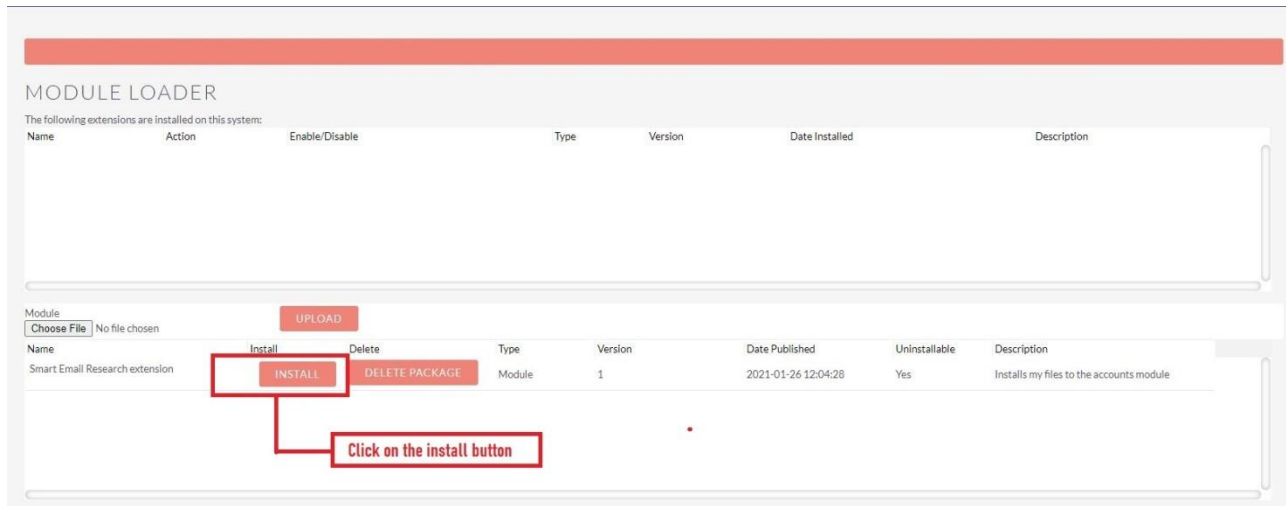

1. Go to the Administration page.
2. Click on “Module Loader” to install the package.

3. Click on the “Choose File” and after that select the Upload button.

4. Then click on the install button to begin the process.

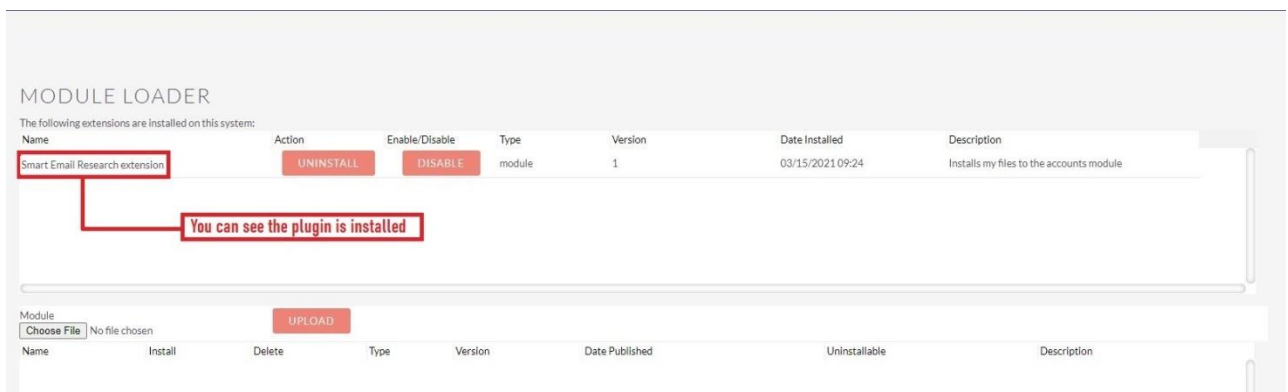

5. In the next step, you need to click on the “Commit” button.

5. Once the installation is 100% complete, click on the “**Back to Module Loader**” button.

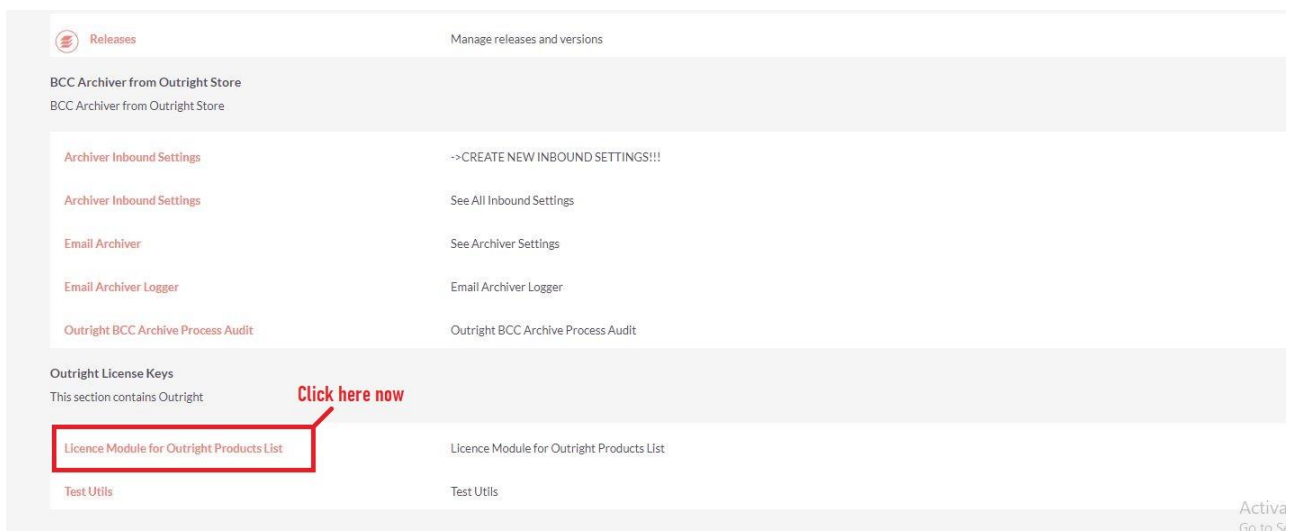

6. The installation of **Smart Email researcher** extension is now completed successfully.

7. Now the installation is finished, we'll start configuration. For this go back to Admin panel.

Configuration

1. In the admin panel, click on the *“Licence Module for Outright Product List”* link.

2. Enter the Product's Licence Key and click on the Save button.

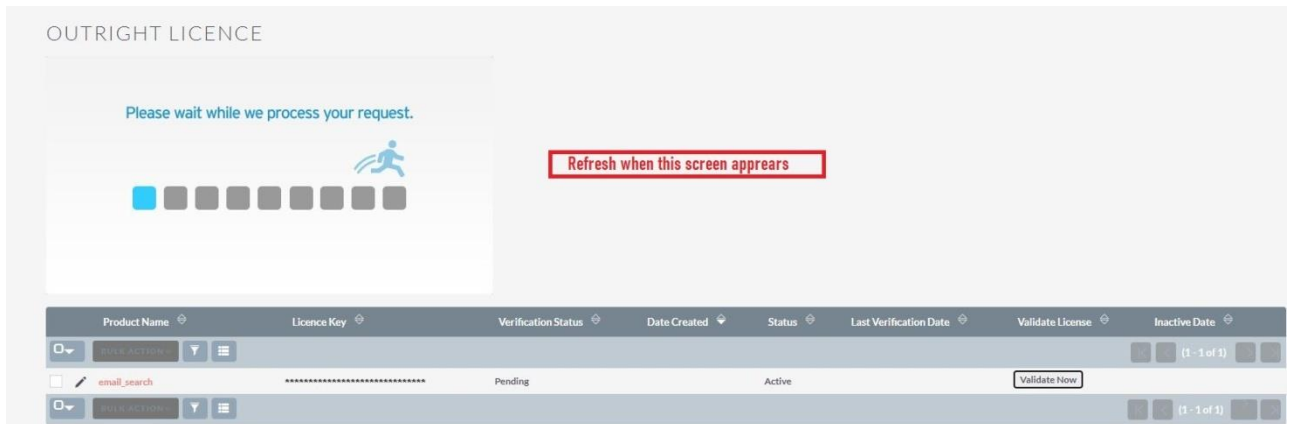

The screenshot shows the 'EMAIL_SEARCH » EDIT' form. At the top, there are buttons for 'SAVE', 'CANCEL', and 'VIEW CHANGE LOG'. Below these is a 'BASIC' tab. The main form area contains a 'Licence Key:' label followed by a text input field with a light blue border. At the bottom of the form, there are again buttons for 'SAVE', 'CANCEL', and 'VIEW CHANGE LOG'. On the right side, there are navigation buttons: '< PREVIOUS', '(1 of 1)', and 'NEXT >'.

3. After that, click on the “Validate Now” button.

The screenshot shows the 'OUTRIGHT LICENCE' table. The table has columns for Product Name, Licence Key, Verification Status, Date Created, Status, Last Verification Date, Validate License, and Inactive Date. There are two rows of data. The first row has a status of 'Pending' and the second row has a status of 'Active'. A red box highlights the 'Validate Now' button in the 'Validate License' column of the second row. A red callout box with the text 'Click on Validate Now button' points to this button. Below the table, there are buttons for 'ASSIGN' and 'REMOVE', and a 'Group' dropdown menu set to '--None--'.

Product Name	Licence Key	Verification Status	Date Created	Status	Last Verification Date	Validate License	Inactive Date
email_search	*****	Pending		Active		Validate Now	(1 - 1 of 1)

4. When below screen appear, you need to Refresh the page.

5. As you can see the extension is verified successfully.
